MONDAY, MARCH 19.

The passage of the gold standard bill through congress is now assured. This measure is a step towards making the money market and the poor poorer. From the hour of its enactment the doom of the republican party is sealed for defeat next November.

According to the Miner important oil discoveries have been made in Mohave county about sixty miles southerly from Kingman. It is an important discovery for that county as the scarcity of fuel for steam purposes has directly retarded the development of Mohave's superb mineral resources. This oil will give them the much-needed fuel for both engines and boilers.

SINCE ex-President Harrison has taken such a decided stand against the Puerto Rican tariff, he has been spoken of frequently as the one man who, if nominated by the Philadelphia convention, might be elected. It now looks likely that McKinley will be re-nominated, but it will be more than a miracle if he is re-elected. Republicans generally know this, but can't help it.

Dewey is still a political possibility in the opinion of some of his close personal friends in Washington. Although the admiral announced several months ago that he would not, under any circumstances, be a candidate for the presidency, his friends believe that in consequence of his marriage he has changed his views and that if the nomination were to come to him unsolicited he would accept. Mrs. Dewey is credited with possessing ambitious aspirations for her husband and is believed to have brought about a change in the admiral's views.

The Puerto Rican tariff bill, which was framed on the assumption that congress is not restrained by the Constitution when legislating for Puerto Rico and the Philippine islands, shows what imperialism will lead to. An unlimited monarch could not assert a doctrine more repugnant to the principles of free government than that asserted by the republican party when it claims that a president and congress created by the Constitution can avow the limitations of that Constitution in an official act. When the flag is carried beyond the Constitution, it ceases to be a flag of a republic and becomes the flag of an empire; it ceases to represent a government deriving its just powers from the consent of the governed, and becomes a symbol of force.—W. J. Bryan.

AFTER much delay the annual report of the governor of Arizona to the secretary of the interior, has made its appearance. It is the most elaborate and by far the most complete and comprehensive report ever made by a governor of the territory, and while the governor makes some recommendations with which we do not agree, especially in regard to the cession of land lands, the report in the main is a fair presentation of conditions as they exist and is highly creditable. The mining industry takes the agricultural wealth of our valleys receives fair attention. The large number of excellent engravings have been selected with care and the old stereotyped ideas have been omitted. The report of the governor should be given wide circulation as it will do much toward inducing immigration. As there has been a large number of these reports published for free distribution, the citizens of Bisbee, and of Arizona generally, should send out the report to friends in the east. It certainly represents much industry and considerable accuracy, being one of the very few of the many things done by the governor that we can cheerfully commend. Send the report broadcast as it will do Arizona much good. An up-to-date map of Arizona is appended to the report.

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease is within. Swift's Specific

S.S.S. For The Blood

Is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.
